## DEMAND INVESTMENTS OFFERED BY Grace Financial®

P.O. Box 587, Winona Lake, Indiana 46590 – Phone: (574) 267-5161

in an offering amount not to exceed **\$100,000,000** nationwide under this Prospectus.

<u>Type of Securities</u>	<u>Investment Amount Tier</u>	<u>Current Rate of Interest*</u>
Demand Investments	At least \$25, up to \$100,000	3.50%
	Over \$100,000	3.75%

\* As of the date of this Prospectus, interest on Demand Investments is being paid at the above-stated rates of interest annually, accruing daily and compounded monthly. In determining the applicable investment amount tier, all Demand Investments having identical ownership are aggregated. The rate of interest payable on the Demand Investments is subject to change by Grace Financial from time to time, without approval or consent by the holders of the Demand Investments. **TO OBTAIN CURRENT INTEREST RATE, PLEASE CALL (574) 267-5161 OR VISIT <https://gracefin.org/demand-investments/>**

The Demand Investments have no stated maturity date. Grace Financial is obligated to pay principal and interest to a holder of a Demand Investment not later than sixty (60) days after demand to Grace Financial is made for payment. See “DESCRIPTION OF DEMAND INVESTMENTS” and “PLAN OF DISTRIBUTION.”

**This Prospectus contains essential information about the issuer and the securities being offered hereby. Persons are advised to read this Prospectus carefully prior to making any decision to purchase these securities.**

Grace Brethren Investment Foundation, Inc., d/b/a Grace Financial (“Grace Financial”), is a tax-exempt, not-for-profit corporation operating under the laws of the State of Indiana and is associated with the Fellowship of Grace Brethren Churches d/b/a Charis Fellowship (“Charis Fellowship”). Pursuant to this Prospectus, Grace Financial is soliciting, on a continuous basis, investment of funds from persons affiliated with Charis Fellowship churches which will be evidenced by debt securities issued by Grace Financial (“Demand Investments”), to be used principally in furtherance of the land purchase and development and the subsequent building and remodeling activities of Charis Fellowship churches, schools, and associated organizations. The Demand Investments are being offered by and sold only to persons associated with Charis Fellowship, Grace Financial, or certain other religious organizations (see “Nature and Extent of Offering” on page 6). Offers and sales made in reliance upon this Prospectus shall not exceed \$100,000,000; the aggregate amount of Demand Investments outstanding at any time will differ and will likely be more than \$100,000,000. Grace Financial estimates that the annual expenses associated with the offering will be \$100,000, all of which will be paid by Grace Financial from its general funds.

**THIS OFFERING IS SUBJECT TO CERTAIN RISKS. (SEE “RISK FACTORS” BEGINNING AT PAGE 2)**

**THESE SECURITIES ARE EITHER REGISTERED OR EXEMPT FROM REGISTRATION IN THE VARIOUS STATES OR JURISDICTIONS IN WHICH THEY ARE OFFERED OR SOLD BY THE ISSUER. THIS OFFERING IS BEING MADE ONLY IN THOSE STATES IN WHICH THE MAKING OF SUCH OFFERS AND SALES MAY LAWFULLY BE MADE AND DOES NOT CONSTITUTE AN OFFER IN ANY OTHER STATES. THIS PROSPECTUS HAS BEEN FILED WITH THE SECURITIES ADMINISTRATORS IN SUCH STATES OR JURISDICTIONS THAT REQUIRE IT FOR REGISTRATION OR EXEMPTION.**

**THESE SECURITIES ARE ISSUED PURSUANT TO A CLAIM OF EXEMPTION FROM REGISTRATION UNDER SECTION 3(a)(4) OF THE FEDERAL SECURITIES ACT OF 1933. A REGISTRATION STATEMENT RELATING TO THESE SECURITIES HAS NOT BEEN FILED WITH THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION.**

**THESE SECURITIES HAVE NOT BEEN RECOMMENDED BY ANY FEDERAL OR STATE SECURITIES COMMISSION OR REGULATORY AUTHORITY. FURTHERMORE, THE FOREGOING AUTHORITIES HAVE NOT DETERMINED THE ACCURACY, ADEQUACY, TRUTHFULNESS, OR COMPLETENESS OF THIS DOCUMENT AND HAVE NOT PASSED UPON THE MERIT OR VALUE OF THESE SECURITIES OR APPROVED, DISAPPROVED, OR ENDORSED THE OFFERING. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.**

**IN MAKING AN INVESTMENT DECISION, INVESTORS MUST RELY ON THEIR OWN EXAMINATION OF THE ISSUER AND THE TERMS OF THE OFFERING, INCLUDING, BUT NOT LIMITED TO, THE DISCLOSURE, MERITS AND RISKS INVOLVED.**

**THE DEMAND INVESTMENTS ARE NOT SAVINGS OR DEPOSIT ACCOUNTS OR OTHER OBLIGATIONS OF A BANK AND ARE NOT INSURED BY THE FEDERAL DEPOSIT INSURANCE CORPORATION, ANY STATE BANK INSURANCE FUND OR ANY OTHER GOVERNMENTAL AGENCY. THE PAYMENT OF PRINCIPAL AND INTEREST TO AN INVESTOR IN THE DEMAND INVESTMENTS IS DEPENDENT UPON THE ISSUER’S FINANCIAL CONDITION. THE DEMAND INVESTMENTS ARE NOT OBLIGATIONS OF, NOR GUARANTEED BY CHARIS FELLOWSHIP OR BY ANY CHURCH, CONFERENCE, INSTITUTION OR AGENCY AFFILIATED WITH CHARIS FELLOWSHIP.**

**NO PERSON HAS BEEN AUTHORIZED TO GIVE ANY INFORMATION OR TO MAKE ANY REPRESENTATION IN CONNECTION WITH THIS OFFERING OTHER THAN THOSE CONTAINED IN THIS PROSPECTUS, AND IF GIVEN OR MADE, SUCH INFORMATION OR REPRESENTATION MUST NOT BE RELIED ON AS HAVING BEEN MADE BY THE ISSUER.**

**INVESTORS ARE ENCOURAGED TO CONSIDER THE CONCEPT OF INVESTMENT DIVERSIFICATION WHEN DETERMINING THE AMOUNT OF DEMAND INVESTMENTS THAT WOULD BE APPROPRIATE FOR THEM IN RELATION TO THEIR OVERALL INVESTMENT PORTFOLIO AND PERSONAL FINANCIAL NEEDS.**

**THESE SECURITIES ARE SUBJECT TO RESTRICTIONS ON TRANSFERABILITY AND RESALE AND MAY NOT BE TRANSFERRED OR RESOLD EXCEPT WITH GRACE FINANCIAL'S CONSENT AND AS PERMITTED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, AND THE APPLICABLE STATE SECURITIES LAWS, PURSUANT TO REGISTRATION OR EXEMPTION THEREFROM.**

The minimum required to open a Demand Investment pursuant to this offering is \$25.00. The periodic value of a Demand Investment is the amount that an investor decides to allocate to a Demand Investment as a result of this offering or by means of future additions to the Demand Investment, together with accrued interest thereon, less any redemptions. See **"DESCRIPTION OF DEMAND INVESTMENTS"** and **"PLAN OF DISTRIBUTION."**

Neither Grace Financial nor any third party will be entitled to any underwriting or selling commission on the funds received through this offering. All expenses of this offering, which are not expected to exceed approximately \$100,000, will be paid by Grace Financial from its general funds. See **"USE OF PROCEEDS."**

No sinking fund or trust indenture will be used by Grace Financial in conjunction with the sale of Demand Investments. Investors must rely solely upon the financial condition of Grace Financial for repayment of Demand Investments. Demand Investments are unsecured debts of Grace Financial and are of equal priority with all other current indebtedness of Grace Financial, except to the extent of any senior secured indebtedness (see Risk Factor 3, **"Senior Secured Indebtedness"** at page 2).

**FORWARD LOOKING STATEMENTS**

Investment in the securities to be issued by Grace Financial involves certain risks. Prospective investors are encouraged to review all the materials contained in this Prospectus and to consult their own attorneys and financial advisors.

This Prospectus includes “forward-looking statements” within the meaning of the federal and state securities laws. Statements about Grace Financial and its expected financial position, business and financing plans are forward-looking statements. Forward-looking statements can be identified by, among other things, the use of forward-looking terminology such as “believes,” “expects,” “may,” “will,” “should,” “seeks,” “pro forma,” “anticipates,” “intends,” “projects,” or other variations or comparable terminology, or by discussions of strategy or intentions. Although Grace Financial believes that the expectations reflected in its forward-looking statements are reasonable, Grace Financial cannot assure any investor that Grace Financial’s expectations will prove to be correct. Forward-looking statements are necessarily dependent upon assumptions, estimates and data that may be incorrect or imprecise and involve known and unknown risks, uncertainties and other factors. Accordingly, prospective investors should not consider Grace Financial’s forward-looking statements as predictions of future events or circumstances. A number of factors could cause Grace Financial’s actual results, performance, achievements or industry results to be materially different from any future results, performance or achievements expressed or implied by Grace Financial’s forward-looking statements. These factors include, but are not limited to: changes in economic conditions in general and in Grace Financial’s business; changes in prevailing interest rates and the availability of and terms of financing to fund Grace Financial’s business; changes in Grace Financial’s capital expenditure plans; and other factors discussed in this Prospectus. Given these uncertainties, prospective investors should not rely on Grace Financial’s forward-looking statements in making an investment decision. Grace Financial disclaims any obligation to update investors on any factors that may affect the likelihood of realization of Grace Financial’s expectations. All written and oral forward-looking statements attributable to Grace Financial, including statements before and after the date of this Prospectus, are deemed to be supplements to this Prospectus and are incorporated herein and are expressly qualified by these cautionary statements.

Although Grace Financial believes that the forward-looking statements are reasonable, prospective investors should not place undue reliance on any forward-looking statements, which speak only as of the date made. Prospective investors should understand that the factors discussed under “**RISK FACTORS**” could affect Grace Financial’s future results and performance. This could cause those results to differ materially from those expressed in the forward-looking statements.

## SUMMARY INFORMATION

The following is a summary of Grace Financial's offering and contains only selected information. This summary does not contain all of the information that a potential investor should consider before investing. The information provided in this summary should be read in conjunction with the detailed information contained in this Prospectus, including Grace Financial's audited financial statements (the "Financial Statements").

**The Offering.** Grace Financial may sell up to One Hundred Million Dollars (\$100,000,000) of Demand Investments during the 12-month period ending March 31, 2026. This amount may be sold throughout the fifty (50) states and the District of Columbia to the extent qualified for offer and sale in such jurisdictions.

**Grace Financial.** Grace Financial is a tax-exempt, not-for-profit corporation organized in 1955 for the principal purpose of enabling individuals who support the objectives of Charis Fellowship to invest funds at a reasonable rate of interest and to provide thereby a source of funding for acquiring, developing, and remodeling land and buildings for churches, schools, and other associated organizations. For more information, see "**HISTORY AND OPERATIONS**," at page 4.

**Use of Proceeds.** The offering described in this Prospectus is being made solely by Grace Financial, which will retain 100% of the proceeds. Grace Financial estimates that the annual expenses associated with the offering will be \$100,000. Funds received from the offering of Demand Investments will be added to Grace Financial's general funds, invested, and then used to make loans, on an as needed basis, primarily to churches, schools, and similar organizations affiliated with Charis Fellowship, or to pay interest on or redemptions from Demand Investments. For more information, see "**USE OF PROCEEDS**" at page 7.

**Lending Activities.** Grace Financial's loan portfolio consists of loans made primarily to churches, schools, and similar organizations affiliated with Charis Fellowship. Repayment of these loans is, therefore, based in part on the level of charitable contributions given to such borrowers, which may change, potentially leaving the borrowers unable to repay the loans. For more information, see "**LENDING ACTIVITIES**" at page 10.

**Management.** The affairs of Grace Financial are managed by its Board of Directors. The day-to-day operations of Grace Financial are the responsibility of its Executive Staff. See "**MANAGEMENT**" at page 17.

**Description of Demand Investments.** A Demand Investment is a means by which a person may invest any sum equal to or greater than \$25.00 in a debt obligation of Grace Financial. The Demand Investments have no stated maturity date, earn interest at a rate fixed from time to time by Grace Financial accruing daily and compounded monthly, and upon request principal and accrued but unpaid interest may be paid to a Demand Investment holder at any time. Grace Financial reserves the right to require sixty (60) days advance written notice of any redemption. Further, Grace Financial reserves the right to change the rate at which interest is accrued at any time without prior notice to or the approval or consent of investors. Investors will be notified no later than ten (10) days in advance of any rate change and may call Grace Financial at any time (574-267-5161) to determine the currently applicable rate of interest being accrued on the Demand Investments. The Demand Investments being offered by and sold through this Prospectus will be treated as separate Demand Investments from those preexisting investment obligations which Grace Financial formerly offered to Grace Brethren North American Missions, Inc., as Trustee for certain Intervivos and Retirement Trust Accounts. For more information, see "**DESCRIPTION OF DEMAND INVESTMENTS**" at page 14.

**Summary Statement of Selected Financial Data.** The following table presents selected summary financial data for the twelve (12) months ending December 31, 2024. Additional information is available under the heading "**SELECTED FINANCIAL DATA**" at page 13.

## RISK FACTORS

**THE DEMAND INVESTMENTS OFFERED BY GRACE FINANCIAL INVOLVE CERTAIN ELEMENTS OF RISK. YOU, AS AN INVESTOR, SHOULD CAREFULLY CONSIDER THE INFORMATION CONTAINED IN THIS PROSPECTUS, INCLUDING THE FOLLOWING RISK FACTORS, BEFORE DECIDING WHETHER TO INVEST IN A DEMAND INVESTMENT.**

1. **Unsecured and Uninsured General Obligations.** The Demand Investments are unsecured obligations of Grace Financial and are not insured. The Demand Investments are not obligations of any other organization affiliated with Charis Fellowship. Demand Investment holders are dependent solely upon the general financial condition of Grace Financial for repayment of the principal invested in the Demand Investments as well as interest payments on those amounts.

2. **No Trust Indenture or Sinking Fund.** There is no trust indenture governing the rights and obligations of the investors and Grace Financial, and no independent trustee to act on behalf of the investors. Further, Grace Financial has not established any sinking fund in connection with Grace Financial's offering of Demand Investments. The absence of a sinking fund and trust indenture may adversely affect Grace Financial's ability to repay the Demand Investments.

3. **Senior Secured Indebtedness.** Although Grace Financial has not granted any security interests and there are no other material liens on its assets, Grace Financial's assets could be subject to liens from time to time, and Grace Financial reserves the right to issue future obligations, or to obtain another line of credit, secured by a first lien on its assets. Grace Financial has a policy that it will not create, incur, or voluntarily permit any material lien upon any of its assets or otherwise incur material indebtedness having a prior claim to its assets or otherwise senior to the Demand Investments except for certain specified types of liens ("Senior Secured Indebtedness"). Grace Financial will not incur or issue Senior Secured Indebtedness in an amount which exceeds ten percent (10%) of the tangible assets of Grace Financial. To the extent Grace Financial incurs any such Senior Secured Indebtedness, the repayment of such indebtedness will have priority in Grace Financial's assets over all other unsecured creditors of Grace Financial, including investors in Demand Investments. See "**FINANCING AND OPERATIONAL ACTIVITIES**" at page 8.

4. **No Public Market for Demand Investments.** There is no secondary market for the Demand Investments, and none will develop. The only method of recovering funds invested in the Demand Investments is by whole or partial redemption. Grace Financial may require up to sixty (60) days advance written notice of redemptions.

5. **Loan Collection Risks; Loan Policies.** Unlike commercial lenders, Grace Financial's loans are made primarily to congregations, schools, and other organizations associated with Charis Fellowship. Repayment of these loans is therefore based in part on the level of charitable contributions given to such borrowers, which may change, potentially leaving the borrowers unable to repay the loans. Further, Grace Financial is motivated by other than strictly commercial or profit motives and this may affect how it deals with its borrowers. In addition, while most of Grace Financial's loans are secured by a first lien position on the land and facility that are the subject of the loan, because they are often "limited purpose" facilities (e.g., churches), the market value of these assets in a foreclosure could be less than the amount owed, exposing Grace Financial to risk of loss. See "**LENDING ACTIVITIES**" at page 10.

6. **Special Purposes of Grace Financial.** The purposes of Grace Financial are religious – to promote the growth and development of Charis Fellowship churches, schools, and associated organizations – and, therefore, Grace Financial may not make decisions based solely upon profitability considerations. Investors should take the purposes of Grace Financial into account when making an investment decision.

7. **Interest Rate Fluctuation.** Interest rates may vary in the future. Investors should be aware that if commercial interest rates rise, Grace Financial is not legally or otherwise obligated to pay competitive rates of interest and that the interest rate offered by Grace Financial may rise or fall independently from commercial interest rates.

8. **Liquidity.** Grace Financial's results of operations and liquidity could be adversely affected by sustained and substantial increases or decreases in prevailing interest rates. Due to the relatively fixed-rate nature of Grace Financial's long-term loan portfolio, Grace Financial may not be able to increase its rate of interest paid on Demand Investments to the same extent as increases in market rates of interest which, together with the fact that such loans may not be easily liquidated, could result in liquidity problems for Grace Financial should large dollar amounts of Demand Investments be redeemed in search of better interest rates elsewhere. Grace Financial's historical experience has been that, even when the balance of such Demand Investments outstanding has decreased from one year to the next, any such decrease has generally been by no more than three percent (3.0 %), meaning that most of the balance of such securities remains invested with

Grace Financial. Although Grace Financial does not maintain liquid reserves sufficient to fund the hypothetical need for cash that would result from any assumed redemption of all its Demand Investments at any one time (see “**FINANCING AND OPERATIONAL ACTIVITIES**” at page 8), a significant portion of Grace Financial’s assets as of the date of the Prospectus are maintained in its investments, cash and cash equivalents, and management expects its liquidity to be sufficient to satisfy Grace Financial’s obligations to holders of Demand Investments for the foreseeable future (see Notes 1, 2, and 7 to the Financial Statements). Grace Financial’s investments, as of December 31, 2024, were all mutual funds, common stocks, certificates of deposit, corporate and municipal bonds, U.S. Treasury notes, and alternative investments. Such investments are subject to various market risks which could result in changes in market value, and a material decline in market value of such investments may affect Grace Financial’s ability to pay Demand Investments. If Grace Financial experiences an unexpectedly significant increase in redemptions from Demand Investments, Grace Financial may have to rely on other sources of funds, such as lines of credit or sales of loans in order fund such redemptions. The need to utilize such alternative funds to meet redemptions on outstanding Demand Investments, if required over an extended period, could affect Grace Financial’s financial condition.

9. **Future Changes in Federal or State Laws.** Changes in federal and state laws, rules, or regulations regarding the sale of debt obligations of religious, charitable, or other not-for-profit organizations may make it more difficult and costly for Grace Financial to offer its Demand Investments in some states in the future. Such a change could result in a decrease in the number of Demand Investments that Grace Financial may offer. To the extent Grace Financial depends upon the proceeds of future sales of its Demand Investments to make payments of principal or interest on outstanding Demand Investments, a substantial decrease in such sales could affect Grace Financial’s ability to meet its obligations.

10. **Litigation Risk.** Grace Financial is not currently involved in any litigation; however, there can be no assurance that Grace Financial will not become involved in litigation which could have a material adverse effect on its operations or financial condition.

11. **Restrictions of Transferability.** The Demand Investments are not transferable without the consent of Grace Financial. Grace Financial will, however, transfer funds upon the death of the investor(s) in accordance with the terms and conditions of the Demand Investment. In addition, conditions on transfer of the Demand Investments may be imposed under the securities laws of certain states.

12. **Varying Rights Upon Default.** Should Grace Financial default in its payment, when due, of interest on your Demand Investment or fail to honor any proper request to redeem funds from your Demand Investment, you will have rights that may vary from state to state depending upon where you live. Grace Financial’s default may, for example, be deemed a breach of contract and may entitle you to commence a proceeding in a state or federal court to recover the amount held in your Demand Investment. If you do not act upon any rights you might have in a timely fashion, you may lose your rights entirely under various statutes of limitation applicable to the claims you might have. If Grace Financial becomes insolvent, your rights may be subject to the laws of bankruptcy and creditors’ rights generally, and as an unsecured, uninsured investor, the amount you receive may not be the full amount invested in your Demand Investment. You should consult with an attorney if you have any questions about what your rights might be.

13. **Claims Due to Charis Fellowship Affiliation.** Grace Financial is a separate legal entity from Charis Fellowship and its affiliates and, therefore, believes that it is not liable for any claims made against Charis Fellowship and its affiliates although it is possible that claims may be made against Grace Financial in relation to matters associated with Charis Fellowship or its affiliates.

14. **Tax Consequences.** The interest paid or payable on the Demand Investments will be taxable as ordinary income to the Demand Investment holders in the year it is paid or accrued, regardless of whether the accrued interest is redeemed by the Demand Investment holder. For further information concerning federal income tax matters, including special rules that may be applicable to Demand Investment holders who invest more than \$250,000 in the aggregate with Grace Financial, see “**TAX ASPECTS**” at page 16.

15. **Ability to Call Demand Investments.** Grace Financial reserves the right to refuse any investment, limit the amount which may be invested, return all or any part of any investment, or close any Demand Investment whenever it may choose, without written or other notice to the investor. Interest will be paid to the date of redemption on all Demand Investments closed by Grace Financial.

16. **Concentration of Loans.** Grace Financial had five (5) borrowers each having loans with a total outstanding principal balance greater than five percent (5%) of Grace Financial’s total loan balance of \$63,424,698 as of December 31, 2024 (see “**LENDING ACTIVITIES**” at page 10), with an aggregate principal balance of \$37,623,305 or 59.32% of

Grace Financial's total loans outstanding on that date. Therefore, in the event of any financial difficulties experienced by any of these five (5) borrowers, those would have a significantly greater impact on Grace Financial than would financial difficulties experienced by any of the larger number of borrowers with smaller loan balances. See "Material Loans and Loan Delinquencies" on page 11.

**17. Risks May Be Greater Than Implied by Relatively Low Interest Rates.** Grace Financial regularly reviews national indexes of bank-insured products with a view to offering an annual interest rate percentage on the Demand Investments that is greater than prevailing rates for federally-insured bank deposits. However, Demand Investments may carry more risk than other non-insured investments with comparable interest rates.

**18. Geographic Concentration of Loans.** Approximately 91% of Grace Financial's loan balances as of December 31, 2024, were with borrowers located in only three states: California (7%), Ohio (77%), and Pennsylvania (7%) (see Note 4 to the Financial Statements). If the economic conditions of these states were to suffer an adverse change, then the churches and other organizations in these states might also suffer economically, and their ability to repay their loans to Grace Financial could to that extent be adversely affected.

**19. Environmental Risks on Collateral.** There is potential environmental liability associated with the collateral securing the loans made by Grace Financial. While Grace Financial does ask borrowers to provide copies of any certified environmental studies they may have received, Grace Financial does not typically require a third-party Environmental Screen Report or a Phase I Environmental Site Assessment unless the information furnished in the borrower's loan application indicates a potential problem. In the event that environmental pollution or other contamination is found on or near property securing a loan, Grace Financial could, in some cases, face environmental liability or the security for the loan could be impaired. In addition, changes to environmental regulations could require a borrower to incur significant unanticipated expenses to comply with such regulations which could adversely affect the borrower's ability to repay the Loan.

**20. Construction Risks.** Many of the loans made by Grace Financial are used by borrowers for construction of new facilities or improvements to existing facilities. Consequently, such loans will be subject to usual construction-related risks. Such risks include defaults or bankruptcies of contractors or subcontractors, construction delays (due to events such as weather conditions, strikes, shortage of materials, natural disasters, regulatory delays, etc.), increased and unexpected costs, adverse effects on adjacent facilities and other operations, and other factors and contingencies unknown to or beyond the control of the borrower or other parties. In the event that construction is delayed or prevented, or if costs for construction increase substantially, the borrower's ability to repay a loan could be adversely affected.

**21. Contributions of Net Income to Fellowship Sponsored Activities and Affiliated Ministries.** The Board of Directors of Grace Financial has established a policy to contribute a portion of Grace Financial's net income to activities sponsored by Charis Fellowship and organizations and entities affiliated with Charis Fellowship. Such contributions are discretionary on the part of the Board of Directors, and the Board of Directors annually evaluates whether it is prudent to make contributions considering Grace Financial's current financial condition and, if so, in what amount. To the extent that Grace Financial makes contributions to such activities, organizations and entities, such contributions will reduce the net assets of Grace Financial. See "**FINANCING AND OPERATIONAL ACTIVITIES, Contributions**" at page 9.

**22. Cybersecurity Risks.** Like any modern financial business, Grace Financial faces the potential for cyberattacks, data breaches, and other cybersecurity incidents including hacking, identity theft, malware and other fraudulent, illegal or improper activities perpetrated by third parties. While Grace Financial and the third-party vendors utilized by Grace Financial maintain cybersecurity measures to reduce such risks, the rapidly evolving nature of cybersecurity threats means that no system is entirely secure. Successful breaches, malfeasance, or human or technological error could result in, for example, (i) unauthorized access to, or disclosure, modification, theft, misuse, loss, or destruction of sensitive or confidential data relating to Grace Financial, investors, borrowers, or other third parties, or the theft of funds, (ii) the loss of access to critical data or systems through ransomware or other means, (iii) service or system delays, disruptions, or denials of service, or (iv) financial losses, reputational damage, and potential legal liabilities. Any such occurrences, if significant, may materially impact Grace Financial's ability to carry out its operations which, in turn, could adversely affect Grace Financial's financial condition and have a materially adverse effect upon Grace Financial's liquidity and ability to repay Demand Investments.

## HISTORY AND OPERATIONS

Grace Brethren Investment Foundation, Inc., d/b/a Grace Financial, is a tax-exempt, not-for-profit corporation operating under the laws of the State of Indiana and is associated with Charis Fellowship. The principal business office of

Grace Financial is located at 1401 Kings Highway, Winona Lake, Indiana 46590. Grace Financial has been determined by the Internal Revenue Service to be exempt from federal income tax under Section 501(c)(3), effective October 31, 1973. The Service has since also determined that Grace Financial is not a private foundation within the meaning of Section 501(a) of the Code, finding that it is a “supporting organization” described in Section 509(a)(3) of the Code.

### **History of Grace Financial**

Grace Financial was organized in 1955 as an Indiana not-for-profit corporation for the purpose of assisting Charis Fellowship churches, schools, and associated organizations that had experienced difficulties in securing loans from commercial financial institutions to build facilities. Accordingly, the intent was and remains that funds invested in Grace Financial would be used to make long-term secured loans to Charis Fellowship churches, schools, and associated organizations.

### **Association with Fellowship**

Grace Financial is associated with the Fellowship of Grace Brethren Churches d/b/a Charis Fellowship, which was founded in 1939 as a non-profit national association of churches that subscribe to a particular statement of religious faith. Charis Fellowship was formally organized under the Indiana Not-for-Profit Corporation Act of 1971, as amended in 1986. During 2023, Charis Fellowship was comprised of 217 churches located throughout the United States and Canada, which had an aggregate of approximately 20,300 members. The 2024 statistics were not available at the date of this Prospectus due to the time necessary to gather and compile the information. Each church is an autonomous institution, separately incorporated as a not-for-profit organization under the law of the state in which it is located and congregationally governed.

### **National Ministries Associated with Fellowship**

Grace Financial is one of eight national ministries associated with Charis Fellowship, each of which is separately incorporated, which has been formed to accomplish specific purposes of Charis Fellowship. These national ministries and their activities include:

1. The Grace Trust, Inc. (d/b/a Encompass World Partners), the global arm of Charis Fellowship, which coordinates Charis Fellowship cross-cultural ministries throughout the world;
2. Grace Schools, Inc. (college and theological seminary), which offers undergraduate and graduate programs and training for the ministry;
3. Eagle Commission, which supports our Fellowship Chaplains in their ministry to our military, veterans and their families;
4. CE National, Inc. (d/b/a Momentum Ministry Partners), which is a church effectiveness ministry, focusing on youth, the overlooked, and leadership development;
5. Association of Grace Brethren Ministers–INSPIRE, which ministers to the needs of its members, pastors and ministry leaders of Charis Fellowship, and helps to bring qualified ministry leaders to every church;
6. Women of Grace, USA (d/b/a Charis Women), which seeks to inspire and equip women to fulfill their God-given calling;
7. GBCanada USA (d/b/a Assist Church Expansion), which seeks to help the Charis Fellowship be an expanding movement; and
8. Grace Brethren Investment Foundation, Inc. d/b/a Grace Financial, described more fully in this Prospectus.

Periodic contributions are made from Grace Financial to Fellowship national ministries and other affiliated ministries to assist the financing of various Fellowship and church-related activities. These contributions are made from revenue generated by Grace Financial’s investment activities not required to pay administrative costs or interest payments to

Demand Investment holders. Goodwill contributions to Fellowship ministries are made by board action according to a board approved policy. See **“FINANCING AND OPERATIONAL ACTIVITIES, Contributions”** at page 9.

### **Purpose of Grace Financial**

Grace Financial’s Articles of Incorporation provide, in pertinent part, the following statement of purpose:

The purpose of Grace Financial is to enable individuals who support the objectives of Charis Fellowship to invest funds at a reasonable rate of interest and to provide thereby a source of funding, in the form of capital loans, for acquiring, developing, and remodeling, land and buildings for churches, schools, and other associated organizations and, in connection with and ancillary to such purpose:

1. To assist in the extension of Christian work by and through the agencies of Charis Fellowship and the affiliated agencies of Grace Financial, and to contribute and loan funds to Charis Fellowship churches, conventions or associations of churches, Charis Fellowship schools, and affiliated organizations.
2. To provide funds for Biblical teaching, to assist evangelical work, to assist churches of Charis Fellowship faith and Charis Fellowship missionary endeavor, and to assist and encourage men and women in the dedication of their lives to definite Christian services.
3. To receive, hold, borrow, invest, loan, and disburse funds; to own, mortgage, lease, rent, and sell real and personal property of all kinds in order to attain the aforesaid purposes.
4. To promote the Christian faith through Charis Fellowship and to promote the missionary institutions of Charis Fellowship, with primary consideration given to the cause of establishing new churches in North America.

At the discretion of Grace Financial’s Board of Directors, Grace Financial may contribute a portion of its net income to activities sponsored by Charis Fellowship and organizations and entities affiliated with Charis Fellowship. See **“FINANCING AND OPERATIONAL ACTIVITIES, Contributions”** at page 9. Grace Financial also provides administrative support for Charis Fellowship’s Chaplaincy Ministry.

In the event of any dissolution of Grace Financial, Grace Financial’s assets would be first applied to the payment of its debts and the satisfaction of its other obligations, including its indebtedness and other obligations to the holders of the Demand Investments. Any remaining assets would then be distributed exclusively for the stated purposes of Grace Financial in such manner, or to such organization or organizations organized and operated exclusively for charitable, educational or religious purposes that is affiliated with Charis Fellowship (see, for example, those organizations listed under “National Ministries Associated with Fellowship” above) and at that time also qualifies as an exempt organization or organizations under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, or corresponding provisions of any subsequent Federal tax laws, as the Board of Directors shall determine.

### **Nature and Extent of Offering**

The Demand Investments are being offered by and sold through this Prospectus only to persons who are, prior to receipt of this Prospectus, members or attenders of, contributors to, or participants of or otherwise associated with Charis Fellowship, Grace Financial, another church or religious organization that has a programmatic relationship with or shares a common religious historic tie background or similar purposes with Charis Fellowship or Grace Financial, or any program, activity or organization that constitutes a part of any of the foregoing. The offering is being made only in those states in which the making of such offers and sales may lawfully be made, and subject to the limitations imposed by the laws of the various states. The Demand Investments are unsecured obligations of Grace Financial, all having the same priority to Grace Financial’s assets and ranking on parity with its obligations to other general creditors. Grace Financial desires to offer its Demand Investments primarily in any state in which there is a Charis Fellowship congregation, subject to prior compliance with the securities laws of such state. In those states which require it, offers and sales will be made only by a Grace Financial officer or employee licensed as a salesperson or agent under the securities laws of those states. No underwriting or selling agreements exist, and no direct or indirect commissions or other remuneration is paid to any individual or organization in connection with the offer and sale of the Demand Investments.

Grace Financial’s offering of Demand Investments is continuous. Offers are or will be made by means of this Prospectus only pursuant to an exemption from registration under state securities laws or by registration, qualification, or other regulatory procedure. The extent to which Demand Investments will be offered in any state (if any) will depend on a

number of factors, including Grace Financial's prior experience in a state and the number of Charis Fellowship churches located in that state, as well as the size of their respective congregations, securities filing and registration fees, and the necessity for periodic approval of the offerings or amounts in that state.

### **Operations and Business Activities**

Grace Financial's business activities enable individuals who are associated with Charis Fellowship and who support its objectives to invest funds in the Demand Investments at a reasonable rate of interest and thereby, provide funding for loans to associated churches and organizations to acquire, develop and remodel, land and buildings. The Demand Investments, which provide general obligation financing for Grace Financial, shall not be specifically secured by particular loans to specific borrowing entities. The interest earned on the loans is intended to be sufficient to pay the interest expense of Grace Financial, as well as its costs of operation.

Grace Financial's offices are located in the north-central Indiana town of Winona Lake, which has a population of approximately 5,100. Immediately adjacent is the city of Warsaw, which has a population of approximately 16,100. Grace Financial occupies approximately 8,788 square feet in the 15,454 square foot building, owned by Grace Financial, known as Kings Way Suites located at 1401 Kings Highway, Winona Lake, Indiana 46590. The square footage in the building not occupied by Grace Financial is made available for rent or lease for professional offices. The majority of business transactions are by electronic means or by mail; however, Grace Financial also maintains limited walk-up business hours at its offices in Winona Lake, Indiana.

### **USE OF PROCEEDS**

The maximum proceeds anticipated for the offering described in this Prospectus is \$100,000,000. This offering is being made solely by Grace Financial, which will retain 100% of the proceeds. Funds received from the offering of Demand Investments will be used in making loans to its affiliated churches and organizations, but will be invested pursuant to Grace Financial's investment policies pending utilization to make loans to its affiliated churches and organizations, to pay interest on Demand Investments, to pay redemptions from Demand Investments, and as working capital to support the operations of Grace Financial, all as further described below.

Neither Grace Financial nor any third party will be entitled to any underwriting or selling commission on the funds received through this offering. The offering described in this Prospectus will be made solely by Grace Financial through its officers and employees, and Grace Financial will retain 100% of the proceeds. All expenses of this offering, including printing, mailing, attorneys' fees, accountants' fees, and securities registration fees, will be paid by Grace Financial from its general funds. Funds received from the offering of the Demand Investments will be added to Grace Financial's general funds and will be invested in certain cash and cash equivalents and marketable securities pending their use in Grace Financial's lending activities, or as working capital to support the operations of Grace Financial (including its expenses incurred in the offer and sale of Demand Investments) or held as reserves to meet its payment obligations for payment of interest on or redemptions from Demand Investments. Grace Financial estimates that expenses associated with the offering (advertising, mailing, promoting, legal and accounting services, and state filing fees) will be approximately \$100,000 per year, or less than 1% of the maximum offering amount of \$100,000,000. It is anticipated that interest earned on the proceeds from loans and reserve investments will be sufficient, as in the past, to cover all expenses associated with the offering of Grace Financial.

Loans are made only to churches, schools, and organizations affiliated with Charis Fellowship, principally to finance capital improvement projects, including the acquisition and development of land for the construction of new facilities and the remodeling of existing facilities. In the normal course of its operations, Grace Financial periodically makes loan commitments based on the availability of funds and will have varying numbers of outstanding loans in process, for which advances may or may not have been made. Although proceeds of this offering may be used to fund some portion of loans in process and loan commitments, these commitments have not been made in contemplation of this offering and will be funded regardless of the results of this offering.

The proceeds of this offering may be used along with existing general funds, the revenue from investments, proceeds from repayments of loans, and the sale or maturity of portfolio investments, to meet redemptions from the Demand Investments or interest payments.

## FINANCING AND OPERATIONAL ACTIVITIES

The repayment of funds invested and the payment of interest earned thereon depends on the financial condition of Grace Financial and the availability of funds. The primary sources of funds historically have included funds invested in Demand Investments, payments of interest and repayments of principal on outstanding loans, and proceeds derived from sales or maturities of other investments. As of December 31, 2024, Grace Financial had total net assets of \$14,434,654 and an Allowance for Credit Losses of \$3,563,137. The Allowance for Credit Losses is a contingency fund for credit losses. Grace Financial intends to maintain the Allowance for Credit Losses at a minimum of 1% of outstanding loans. Grace Financial attempts to structure its investments so as to provide liquidity through frequent maturities. Grace Financial has never failed to meet principal requirements on its outstanding Demand Investments; however, Grace Financial has no sources of capital other than those described herein.

Grace Financial has a policy that it will not create, incur, or voluntarily permit any material lien upon any of its assets or otherwise incur material indebtedness having a prior claim to its assets or otherwise senior to the Demand Investments except for: (i) liens or charges for current taxes, assessments, or other governmental charges which are not delinquent or which remain payable without penalty or the validity of which are contested in good faith; (ii) liens made to secure statutory obligations, surety, or appeal bonds or bonds for the release of attachments or for stay of execution; (iii) purchase money security interests for property hereafter acquired; or (iv) judgment liens. For purposes of the policy, the term “material” means an amount which equals or exceeds 10% of the total tangible assets of Grace Financial.

### Demand Investments

The following table details the proceeds from the sale of the Demand Investments of Grace Financial for the past five (5) years ended on December 31 of each year indicated.

<i><b>Demand Investment Data</b></i>	<u><b>2024</b></u>	<u><b>2023</b></u>	<u><b>2022</b></u>	<u><b>2021</b></u>	<u><b>2020</b></u>

### Loans Receivable

On December 31, 2024, Grace Financial had fifty-seven (57) outstanding loans receivable. The following table details the amount and nature of Grace Financial’s outstanding loans receivable at the end of the fiscal year ended December 31, 2024.

<i><b>Loans Receivable</b></i>	<u><b>Loan Amount</b></u>	<u><b>Percentage*</b></u>
First Lien Position Secured Loans Receivable	\$50,359,837	79.40%
Second Lien Position Secured Loans Receivable	13,064,861	20.60%

Loans Receivable – net	<u>\$59,861,561</u>	<u>94.38%</u>

*\*Percentages derived using outstanding loan balances and total loans receivable.*

Grace Financial’s first lien position secured loans are all secured by a first lien on the real and/or personal property of the borrower. On all second or third lien position secured loans, Grace Financial also holds the prior lien positions as primary lender. Grace Financial will consider second or third lien position secured loans only when Grace Financial also holds all prior lien positions.

At December 31, 2024, Grace Financial had loans outstanding in the aggregate principal amount of \$63,424,698. On December 31, 2024, 2023, and 2022, the contractual principal payments receivable for their respective fiscal years were as follows:

<i>Contractual Maturities</i>	<u>2024</u>	<u>2023</u>	<u>2022</u>
2023	N/A	N/A	\$3,286,161
2024	N/A	\$2,968,241	3,466,919
2025	\$3,108,027	3,036,525	3,253,047
2026	3,036,937	2,980,643	2,784,135
2027	3,108,751	3,021,260	2,434,826
2028	3,040,668	3,139,226	N/A

Thereafter	<u>48,210,520</u>	<u>43,876,277</u>	<u>39,194,180</u>
TOTAL	<u>\$63,424,698</u>	<u>\$59,022,172</u>	<u>\$54,419,268</u>

This tabulation should not be regarded as a forecast of future cash collections. These figures are based on contractual loan maturities.

Grace Financial's financial condition, results of operations, and liquidity could be adversely affected by sustained and substantial increases or decreases in prevailing interest rates. In a rapidly rising interest rate environment, Grace Financial's income on loans and investments may not increase at the same rate as its interest expense on Demand Investments, which would adversely affect Grace Financial's net income. Substantially all of Grace Financial's outstanding loans are made on a long-term basis and bear interest at a rate that is typically fixed at the time of origination of the loans. The interest rates and terms of loans vary. Loan terms are typically 20 to 30 years with the initial interest rate fixed for the first 1 to 10 years of the loan. After the expiration of the initial fixed period, an adjustment to current market rates will occur.

If market interest rates should in the future rise to sustained levels that are substantially in excess of rates that currently prevail, Grace Financial's ability to raise the rate of interest it pays on Demand Investments may be limited by its inability to earn increased interest on its long-term loan portfolio. This limitation on the ability of Grace Financial to respond to increased market rates of interest could result in liquidity problems for Grace Financial should large dollar amounts of Demand Investments be redeemed in search of better interest rates elsewhere. Although Grace Financial does not maintain liquid reserves sufficient to fund the hypothetical need for cash that would result from any assumed redemption of all its Demand Investments at any one time, a majority of Grace Financial's assets as of the date of the Prospectus are maintained in its investments and cash and cash equivalents, not in its loan portfolio, and management expects its liquidity to be sufficient to satisfy Grace Financial's obligations to holders of Demand Investments for the foreseeable future (see Notes 1, 2, and 7 to the Financial Statements).

### Revenues and Expenses

The following table shows selected summary revenue and expense data relating to the operations of Grace Financial for the past five (5) years ending on December 31 of each year indicated.

<i>Statement of Activity Data</i>	<u>2024</u>	<u>2023</u>	<u>2022</u>	<u>2021</u>	<u>2020</u>

Change in Net Assets	1,276,559	2,388,713	(2,134,533)	993,114	1,484,500

### Contributions

To the extent that Grace Financial accumulates revenue in excess of that needed to defray its administrative and interest expenses or to make loans, in accordance with its status as a not-for-profit religious organization, it makes periodic contributions of a portion of this excess revenue to various activities sponsored by Charis Fellowship and organizations and entities affiliated with Charis Fellowship. Contributions to these organizations totaled \$743,566 during the fiscal year ending December 31, 2024. The policy and procedure governing goodwill contributions, as adopted in November 2006, provides, in part, that the awarding of goodwill contributions shall be entirely at the discretion of the Board, following the

completion of the annual audit, and shall always be considered as ancillary to Grace Financial's primary purpose of providing a source of funding, in the form of capital loans, for acquiring, developing, and remodeling, land and buildings for churches, schools and other associated organizations in Charis Fellowship. Grace Financial will not make any contribution that would cause Grace Financial to no longer be in compliance with state securities laws, regulations, guidelines, or policy statements applicable to the offering of the Demand Investments, or to be in breach of its fiduciary duties.

### **Competition**

There are a wide variety of financial institutions, investment companies, and investment opportunities available to prospective and current Demand Investment holders in addition to Grace Financial's Demand Investments. For example, many banks and savings and loans offer certificates of deposit or savings accounts that may be attractive investments for some investors. Others may be more interested in riskier investments afforded through corporate bonds, equity securities, and mutual funds. Thus, there is a potentially infinite variety of investment opportunities available to prospective Demand Investment holders that from time to time may offer more attractive rates of interest or more security than Demand Investments.

However, Grace Financial may be distinguished from this group by one of its primary purposes and goals: to make loans solely for the purpose of acquiring, developing, and remodeling, land and buildings for churches, schools, and other associated organizations. Grace Financial limits the availability of Demand Investments to those who are associated with Charis Fellowship. While there are several other nationwide religious organizations that solicit funds from members of their denomination for purposes similar to those of Grace Financial, they generally limit their solicitations to members of their own denomination. Thus, Grace Financial does not perceive these groups as being direct competitors of Grace Financial.

## **LENDING ACTIVITIES**

### **General Conditions**

Grace Financial makes loans primarily to churches, schools, and other organizations associated with Charis Fellowship. The purpose of substantially all of these loans is to enable churches, schools, and other organizations associated with Charis Fellowship to acquire and develop land, build facilities, or remodel and expand existing facilities, with reasonable financing costs. Typically, Grace Financial will not consider a loan for the purpose of constructing a new building until the congregation or other organization holds title to the property on which it is to be erected.

Generally, loans made by Grace Financial must be secured by a first lien on the real and/or personal property of the borrower. Particularly, at least ninety (90%) of Grace Financial's outstanding loans will be secured by real or personal property. Grace Financial will consider second or third lien positions on loans only when Grace Financial is also the primary lender in the prior lien positions. As of December 31, 2024, of Grace Financial's total outstanding loans, 79% were secured by a first lien on real and/or personal property, and 21% were secured by a second lien on real and/or personal property wherein Grace Financial is also the primary lender in the first lien position. As of December 31, 2024, the interest rate charged ranged from 4.25% to 7.75% based on term, loan to value ratio, and credit factors.

It is Grace Financial's policy that, in all but unusual circumstances, collateral securing a loan should have a market value in excess of the amount of the loan. However, many of these properties may be viewed as "limited purpose" facilities and may not be readily adaptable to other uses without extensive remodeling. Due to the limited market for "limited purpose" properties, there can be no assurance that the collateral for any of Grace Financial's loans could be sold, in the event of a foreclosure, for net sale proceeds equal to the amounts then due Grace Financial under the related loan.

### **Loan Applications**

The Chief Executive Officer is empowered to approve loans up to and including \$500,000 total indebtedness. Loans in excess of \$500,000 total indebtedness must be approved by Grace Financial's Board of Directors. The loan documentation required prior to approval includes a completed application with supporting documentation, firm bids on construction projects, and copies of the proposed plans and cost estimates, which are reviewed by the Director of Credit Services and the Chief Executive Officer. Loans exceeding \$500,000 total indebtedness are then presented for screening to the Loan Committee, which consists of the members of the Executive Staff of Grace Financial as well as Grace Financial's Business Manager, who directly assists in the processing of loan applications and related documents. The

Loan Committee may authorize the Chief Executive Officer to present the request to the Board of Directors for final approval.

Borrowers do not pay “points” for closing a loan as they might when dealing with commercial lending institutions. Other actual loan preparation costs such as preparation and filing of the mortgage or other security instrument, title insurance, and escrow fees are assessed against the borrower. In addition, Grace Financial requires normal lender protections such as title insurance or an opinion of counsel as to the validity of title and an adequate property insurance policy naming Grace Financial in the loss payable clause.

### **Reports**

Grace Financial receives annual reports from its debtors, which reports are subjected to internal review. Grace Financial staff monitor delinquencies monthly and report on delinquencies semi-annually to the Board of Directors. If a debtor is unable to meet its obligations, Grace Financial and the debtor attempt to agree on arrangements that will assure that the debt is paid. To date, no church, school, or other associated organization has defaulted to the extent that foreclosure was necessary.

**The above loan policies are determined by Grace Financial’s Board of Directors and are subject to revision. Thus, no assurance may be given that the foregoing loan policies, amounts of loan funds available, and interest rates offered will not change periodically.**

### **Material Loans and Loan Delinquencies**

Grace Financial had five (5) borrowers each having loans with a total outstanding principal balance greater than five percent (5%) of Grace Financial’s total loan balance of \$63,424,698 as of December 31, 2024, with an aggregate principal balance of \$37,623,305 or 59.32% of Grace Financial’s total loans outstanding on that date. Each such borrower’s total outstanding loan principal balance, as of December 31, 2024, was as follows:

<b><u>Borrower’s Total Outstanding Loan Principal Balance (As of 12/31/2024)</u></b>	<b><u>Percentage of Total Loans Outstanding (As of 12/31/2024)</u></b>
\$16,394,639	25.85%
\$7,719,173	12.17%
\$4,186,092	6.60%
\$5,056,537	7.97%
\$4,266,864	6.73%

On December 31, 2024, 2023, and 2022, loan payments 30-60 days past due were \$0, \$0, and \$0, respectively, payments 61-90 days past due were \$0, \$0, and \$0, respectively, and payments more than 90 days past due were \$0, \$0, and \$0, respectively. The percentage of past due payments to total loans outstanding as of December 31, 2024, 2023, and 2022, was 0.00%, 0.00%, and 0.00%, respectively. As of December 31, 2024, none of Grace Financial’s loans was past due 90 days or more. Grace Financial has incurred no material credit losses within the last three fiscal years.

In most instances, the ability of the congregations, schools, and other organizations to repay loans will depend primarily upon contributions they receive from their constituents and fees or other charges imposed for services rendered. Both the number of constituents of a church, school, or other organization and the amount of revenue or contributions it receives, may fluctuate. Grace Financial is motivated by other than strictly commercial or profit motives and this may affect how it deals with its borrowers. In addition to monitoring delinquencies monthly, when a loan becomes delinquent Grace Financial contacts the debtor to determine the reason for the delinquency and the time when Grace Financial may expect payment. Grace Financial maintains contact with the debtor until the delinquency is resolved. If a debtor is unable to meet its obligations currently, Grace Financial attempts to work with the debtor to assure ultimately that the debt is paid. It is the stated purpose of Grace Financial to aid its borrowers to meet their obligations and to avoid the loss of properties through foreclosure. Therefore, the delinquency experience of Grace Financial cannot be directly compared with that of commercial lenders.

### **Allowance for Credit Losses**

Grace Financial’s policy is to maintain a minimum reserve of 1 percent (1%) of the total loan balance for possible uncollectible loan accounts. As of December 31, 2024, the allowance for credit losses was \$3,563,137 (representing 5.62% of the total loan balance).

## INVESTING ACTIVITIES

By policy and historical practice, exercising due diligence, Grace Financial’s investment activities provide for reasonable and prudent diversification and preservation of cash, cash equivalents, readily marketable securities, and other investments. Grace Financial’s investment positions and activities are reviewed semi-annually, in session, by the Board of Directors, including a standing committee, the Investment/Loan Committee.

Grace Financial concentrates its investments in short-term government securities backed by the full faith and credit of the United States (directly or through a government agency), in certificates of deposits offered by local banks or by other financial institutions, in similar bank-offered investments backed by government or federally insured securities, in high-quality investment grade commercial paper, and in exchange-traded and closed-end mutual funds consisting of investment grade commercial paper. Grace Financial may also hold a portion of its investments in common stocks as well as in privately-placed securities or other alternative investments. It designs its investment plan with the intention of holding each investment until its maturity, with the concurrent intention of maintaining those short-term investments necessary to meet all of its cash needs. One hundred percent (100%) of the certificates of deposit are fully insured. Grace Financial also invests in certain money market funds which are invested in United States government securities, government agencies, or in premier banks and financial institutions, from which it may readily withdraw sums on deposit. Selected securities dealers are used as safekeeping agents. Grace Financial reviews the ratings, capital positions, and safekeeping insurances for each selected securities dealer prior to its being entrusted with safekeeping.

The Board of Directors and the Executive Officers of Grace Financial are jointly responsible for setting or altering Grace Financial’s investment policy. The Chief Executive Officer, in consultation with the Director of Finance and Administration, is responsible for making and maintaining Grace Financial’s investments, which are reviewed semi-annually by the Board of Directors. See “MANAGEMENT” at page 17.

The following table shows outstanding investments categorized according to the type of investments held at the end of fiscal year December 31, 2024. The amount invested in each category is stated in both monetary terms and as a percentage of Grace Financial’s total investments.

<u>Category of Investment</u>	<u>Amount Invested</u>	<u>Percentage</u>
Cash and Cash Equivalents	\$11,938,828	16.66%

Interest on the certificates of deposit is paid monthly at rates varying from 4.55% to 5.30%. Certificates of deposit redeemed prior to maturity date could be subject to forfeiture of interest. Grace Financial’s alternative investments consist of investments in a real estate fund, pooled investment funds, and private equity funds. (See Note 2 to the Financial Statements)

For years ending December 31, 2024, 2023, and 2022, management did not experience any loss of interest income due to early redemption of certificates of deposit. For the years ending December 31, 2024, 2023, and 2022, Grace Financial had realized and unrealized gains (losses) in its investment reserves of \$1,173,749, \$2,212,391, and (\$3,356,231), respectively.

Grace Financial’s policy is to maintain, in readily available form, an amount more than that anticipated to be sufficient to meet its expected needs for liquidity in connection with its liability for the Demand Investments. As of December 31, 2024, approximately 36.4% of Grace Financial’s assets were in the form of cash and cash equivalents (9.0%), fixed income investments (*i.e.*, mutual funds, corporate municipal bonds, and U.S. Treasury Notes) (26.8%), and certificates of deposit (0.6%).

### Management's Financial Summary

The Board of Directors and the Executive Staff of Grace Financial review its overall financial position periodically. Grace Financial's operating philosophy is to maintain a position of liquidity sufficient to provide for operating cash requirements, a capital position sufficient to support its financial position and operations, and a margin of assets over liabilities. A significant shift in interest rates or loan demand may adversely affect actual performance. Grace Financial may modify existing procedures or implement new procedures to enable Grace Financial to operate under changing economic conditions. Some of the key areas regularly reviewed are the following:

**Source of Funds for Payment of Demand Investments.** Under Grace Financial's method of accounting, interest payments on Demand Investments have been made from Grace Financial's operating income and unrestricted net assets, and principal payments on Demand Investments have been made from Grace Financial's assets, exclusive of new Demand Investment proceeds. Grace Financial anticipates that new Demand Investment proceeds will not be needed for operating expenses or to repay interest and principal due on Demand Investments.

**Capital Adequacy.** As of December 31, 2024, Grace Financial's net assets as a percentage of its total assets was 10.91%, determined as follows:

	<u>12/31/2024</u>
Net Assets .....	\$ 14,434,654
Total Assets .....	132,319,213
Net Assets Percentage of Total Assets .....	10.91%

**Liquidity Status.** As of December 31, 2024, Grace Financial had cash, cash equivalents, and readily marketable securities equal to 50.29% of the total outstanding Demand Investments determined as follows:

	<u>12/31/2024</u>
Cash and cash equivalents.....	\$ 11,938,828
Readily marketable securities.....	<u>46,884,552</u>
Total.....	\$ 58,823,380
Demand Investments Payable .....	\$ 116,968,198
Cash, cash equivalents and readily marketable securities percentage of Demand Investments Payable	50.29%

**Cash Flow Performance.** The ratio of available cash, cash equivalents and readily marketable securities as compared to cash redemptions has been at least one to one. As a result, Grace Financial's cash flows have been and are anticipated to remain sufficient to meet its cash requirements for expenses as well as payments of interest and principal due on

Demand Investments. Grace Financial’s ratio of available cash to cash redemptions for its three most recent fiscal years is at least one to one (1:1) as follows:

	<u>2024</u>	<u>2023</u>	<u>2022</u>
Cash and cash equivalents, beginning of fiscal year	20,667,754	\$26,376,565	\$26,565,582
Readily marketable securities, beginning of fiscal year	49,783,193	46,935,746	45,463,453
Net cash provided by operating activities	743,056	482,123	485,644
Loan principal payments less loan disbursements	(4,402,526)	(4,602,904)	3,132,948
Cash from sales of Demand Investments	<u>27,552,176</u>	<u>36,185,732</u>	<u>28,964,480</u>
Total Available Cash	<u>94,343,653</u>	<u>105,377,262</u>	<u>104,612,107</u>
Redemption of Demand Investments	35,729,139	42,763,912	27,548,955
Ratio (x: 1)	2.6:1	2.5:1	3.8:1

**Loan Quality.** As of December 31, 2024, none of Grace Financial’s loans was past due 90 days or more. Grace Financial has incurred no material credit losses within the last three fiscal years.

**Operating Trends.** Grace Financial has had a net surplus of income over expenses in four (4) of the last five fiscal years. The negative change in net assets for the year 2022 was the result of net realized and unrealized losses on investment reserves due to a significant downturn in the investment markets in 2022. Below is a summary of Grace Financial’s change in net assets for each of the last five (5) fiscal years:

	<u>12/31/2024</u>	<u>12/31/2023</u>	<u>12/31/2022</u>	<u>12/31/2021</u>	<u>12/31/2020</u>
Change in net assets for the year then ended.....	\$1,276,559	\$2,388,713	(\$2,134,533)	\$993,114	\$1,484,500

#### DESCRIPTION OF DEMAND INVESTMENTS

A Demand Investment is a means by which a person may invest any sum of money in cash or check equal to or greater than \$25.00 in a debt obligation of Grace Financial. The value of a Demand Investment at any point in time is that amount that the person had invested in his or her Demand Investment previously, less any redemptions, plus accrued but unpaid interest on the periodic balance of funds in the Demand Investment. Investments or redemptions generally are made by electronic transfer or mailing to Grace Financial a check in the amount of the investment or a request for a redemption. Grace Financial processes the transaction, usually on the day it is received, and returns a receipt of the transaction to the Demand Investment holder with, if applicable, a check representing the amount redeemed. Grace Financial does not issue paper certificates to investors evidencing such investment. Instead, the Demand Investments are book-entry securities evidenced on the books and records of Grace Financial and confirmed to an investor by an investment confirmation receipt and periodic statements specifying the value of the investment. Grace Financial provides all investors with quarterly statements that reflect investment activity (investments, redemptions, interest, fees) since the prior reporting period. The terms and conditions of Demand Investments will be construed under and governed by Indiana law.

Grace Financial determines the interest rates to be paid on Demand Investments based on a combination of factors including current market rates and the current rate of interest being earned on Grace Financial’s loans receivable and other investment vehicles. Different rates may be determined for different investment amount tiers and, in determining the applicable investment amount tier, all Demand Investments having identical ownership are aggregated. Grace Financial reserves the right to change the rates at which interest is earned at any time without prior notice to or the approval or consent of investors; however, investors will be given written notice of any changes no later than ten days prior to their effective date. Investors may determine the current rate of interest at any given time by calling Grace Financial at 574-267-5161 during normal business hours. Interest accrues daily and is compounded monthly on investments from the date of investment to the date of redemption at such rate as approved by the Board of Directors. Interest earned on a Demand

Investment will be added to the investment (*i.e.*, compounded) monthly. The Board of Directors of Grace Financial has authorized the Chief Executive Officer of Grace Financial to increase or decrease the interest rate paid on Demand Investments in increments of 0.25%, up to an aggregate of 0.5% in the interim between board rate approvals, and any interest rate adjustment exceeding these limitations must be approved by the Board of Directors.

Investors receive receipts that detail investments, redemptions, interest credits, and the running balance. All new investments will receive communications by electronic means, unless the investor opts out of electronic delivery. The majority of transactions in these Demand Investments are received by electronic means or by mail. Grace Financial also maintains limited weekday walk-up business hours at its facility, primarily for the convenience of local investors associated with Charis Fellowship or a Charis Fellowship church.

All cash receipts are immediately recorded, and Grace Financial sends investment funds received to a local financial institution daily. Investments and redemption requests received in the mail generally are processed and returned by mail that same day.

Money invested and the interest thereon may be redeemed only by order of the investor in writing or by his/her legal representative in case of death. Grace Financial reserves the right to only honor requests for redemptions on approved forms via mail or electronic device and to disburse the redemption to the investor by check or by ACH electronic transfer. If the investor chooses to name another person to act as his/her attorney-in-fact, the investor must provide Grace Financial with the original power of attorney and other satisfactory evidence before conducting any transaction. Once recorded on the records of Grace Financial, the appointment stands until rescinded by the Demand Investment holder and Grace Financial has received written notification of the revocation and has had reasonable time to act upon it.

Statements and other information regarding Demand Investments will be sent either electronically to the investor's email address on file (unless the investor opts out of electronic delivery) or by mail to the address(es) provided to Grace Financial by the investor. When mail is returned as "undeliverable" and Grace Financial has no other means of communication with the investor, the Demand Investment status is changed from active to dormant. Grace Financial is required to turn over dormant investments to the state as specified by state law after a specified period of time. To recover funds, a claim must be filed with the applicable state agency.

The Demand Investments have no stated maturity date, and upon request principal and accrued but unpaid interest may be paid to a Demand Investment holder at any time. Although redemption requests usually are processed on the day received, Grace Financial reserves the right to require sixty (60) days advance written notice of any redemption. The Demand Investments are not transferable. The Demand Investments represent unsecured obligations of Grace Financial and, thus, would rank behind secured obligations in the event of a liquidation of Grace Financial, although Grace Financial had no secured obligations at December 31, 2024, 2023, and 2022.

Grace Financial formerly offered separate Trust Investment Accounts, available only to Grace Brethren North American Missions ("GBNAM"), as Trustee for certain Intervivos and Retirement Accounts, at an interest rate higher than the Demand Investments offered by and sold through this Prospectus. The rate of interest on these preexisting Trust Investment Accounts is a floating rate of 1.5% above the regular rate. As of December 31, 2024, the rate of interest was 5.25%, and the aggregate outstanding balance of these accounts was \$201,908. GBNAM historically invested the balances of these Trust Investment Accounts with Grace Financial and they were presumed to be long-term investments. Because of their long-term nature, and because of the residual benefit to mission work in Charis Fellowship that was tied to most of these accounts (via gift annuity and charitable remainder trust annuity contracts), Grace Financial determined that offering a higher rate of interest was appropriate. Similarly, another related entity holds a separate demand investment with Grace Financial, negotiated in a private transaction, with a floating rate of 0.5% above the regular rate and, as of December 31, 2024, the rate of interest was 4.25% and the aggregate outstanding balance of this investment was approximately \$10.1 million. The foregoing Trust Investment Accounts and separate demand investment are general unsecured obligations of Grace Financial and have no seniority in right of payment over the Demand Investments. Each of the holders of those investments, therefore, would share (on a pro rata basis) with the Demand Investment holders in the distribution of the assets of Grace Financial available for distribution to creditors of Grace Financial, in the event that Grace Financial were ever to become insolvent.

The Demand Investments being offered by and sold through this Prospectus are to be treated as separate from the preexisting Trust Investment Accounts and the information within this Prospectus pertains only to the Demand Investments being offered herein.

## PLAN OF DISTRIBUTION

The primary means of solicitation of investments in Demand Investments is through making this Prospectus available online on Grace Financial's website to constituents of Charis Fellowship. If prospective investors do not have a current Prospectus, and they live in a state in which offers or sales of Demand Investments may then be lawfully made by Grace Financial, they may obtain one by sending a request to Grace Financial's office in Winona Lake, Indiana. Upon request, Grace Financial will provide this Prospectus directly to the current or prospective investor.

After receiving a Prospectus, prospective investors complete an application form requiring name, email address, mailing address, social security number, indication of whether the applicant is subject to backup withholding under the Internal Revenue Code, and affirmation of the applicant's association with Charis Fellowship. The applicant is asked to specify the ownership type from the following options: (1) *Individual*. A Demand Investment owned by a single account holder; (2) *Joint Tenants with Right of Survivorship*. A Demand Investment owned by two or more individuals as joint owners. Any one or all of the owners may make redemptions. Upon the death of one owner, his or her interest in the account passes automatically to the surviving joint owner(s); (3) *UTMA (IN)—Minor with Custodian*. Gifts or transfers made to minor children under the applicable law of the Indiana Uniform Transfers to Minors Act. The Demand Investment is opened in the name of the minor and is controlled by a custodian until the minor reaches the statutory age of majority (21 years), at which time the custodian is required to request a transfer of the Demand Investment into the sole name of the minor; (4) *Trust*. A Demand Investment opened in the name of a trust, having one or more person(s) designated as "trustee(s)." The trust agreement governing the account must be on file at Grace Financial; or (5) *Organization*. A Demand Investment opened in the name of an organization and managed by designated authorized signers.

An investor must subscribe his/her name on an identity verification document, thereby signifying assent to the terms and conditions as initially provided to the investor and that they may be amended as herein provided. The terms and conditions may be altered, amended, or rescinded including those relating to the earning and computation of interest. Notice of changes will be provided to the Demand Investment holder by any means Grace Financial considers to be appropriate, but are effective even if the investor does not actually receive notice of the change if Grace Financial has sent such notice either electronically to the investor's email address on file (unless the investor opts out of electronic delivery) or by mail to the address(es) provided to Grace Financial.

No underwriting or selling agreements exist on funds received through this offering, and no direct or indirect commissions or other remuneration will be paid to any individuals or organizations in connection with the offer and sale of the Demand Investments.

## TAX ASPECTS

Demand Investment holders are not entitled to claim a deduction for a charitable contribution upon investment of funds in a Demand Investment. The interest paid or payable on the Demand Investment will be taxable as ordinary income to the Demand Investment holder in the year it is paid or accrued. Grace Financial suggests that Demand Investment holders consult their accountants or legal advisors as to the proper recognition of the interest paid for federal and state income tax purposes.

Grace Financial is required in certain circumstances to withhold 24% of the interest paid on the Demand Investments including, for example, when Demand Investment holders fail to provide Grace Financial a correct Social Security or Federal Tax Identification Number and when notified by the Internal Revenue Service that a Demand Investment holder is subject to "backup withholding." At the beginning of each calendar year, Form 1099-INTs are mailed to each Demand Investment holder identifying the interest earned on each Demand Investment during the preceding calendar year.

In addition, Demand Investment holders investing greater than \$250,000 in the aggregate with Grace Financial may, under certain circumstances, depending in part on the interest rates paid by Grace Financial from time to time, be deemed to have realized for federal income tax purposes "imputed interest" income in an amount that is greater than the amount of interest actually paid to the Demand Investment holder, as a result of the below-market interest rules of Internal Revenue Code Section 7872. Depending on the Demand Investment holder's particular circumstances, a deduction for a charitable contribution may be available to the extent that a Demand Investment holder reports interest income in an amount that is greater than the amount of interest actually paid to the Demand Investment holder. A Demand Investment holder with aggregate balances greater than \$250,000 should discuss this issue with his or her tax advisor.

## LITIGATION AND OTHER MATERIAL TRANSACTIONS

As of the date of this Prospectus, there were no lawsuits, actions, or other legal or administrative proceedings or claims pending or threatened against Grace Financial and there were no lawsuits, actions, or other legal or administrative proceedings or claims pending or threatened against the directors or officers in relation to their duties with Grace Financial. Further, there were no transactions or investment decisions that may materially affect the offering of the Demand Investments.

## MANAGEMENT

The management of Grace Financial is directed by a Board of Directors (the “Board”) through officers of Grace Financial who are responsible for its daily activities. The directors and officers adhere to a conflict of interest policy, signed annually. The composition of the Board and officers is as described below.

Grace Financial is a not-for-profit, tax-exempt Indiana corporation and thus has no shareholders. Its membership consists of all persons who have made a contribution of at least \$25.00 or more during the fiscal year to support the ministries of Grace Financial or ministries administered by Grace Financial and who are affiliated with a Charis Fellowship church. It is these members, and not the holders of Demand Investments, who are entitled to vote on matters related to Grace Financial. There are ten members of Grace Financial’s Board who may be elected to serve three-year terms, which are staggered. Accordingly, approximately one-third of the individuals to serve as directors on Grace Financial’s Board are elected each year. Three of the ten Board members are elected by an officer of the Fellowship Council (*i.e.*, the Board of Directors) of Charis Fellowship and three are elected by an officer of the Association of Grace Brethren Ministers d/b/a Inspire, and the remaining four Board members are elected by the members of Grace Financial. There is presently one (1) vacant Board position. The annual meeting of the members of Grace Financial is held in conjunction with the National Conference of Charis Fellowship. The Board of Directors meets regularly at standing board meetings and ad hoc meetings as needed.

There is no limit on the number of terms an individual may serve. Candidates for Board membership are selected by the existing Board. Grace Financial strives to maintain a reasonable diversification of the membership of the Board by selecting individuals from various geographic regions and backgrounds, including the clergy, business, industry, teaching, legal, or other professions whose experience or expertise is believed valuable to the Board.

Each of the directors receives reimbursement for travel and other expenses associated with board and committee meetings that are incurred by directors and their spouses, but otherwise the directors receive no reimbursement or compensation for their services as directors. In addition, members of the Board may be investors in Grace Financial on the same terms and conditions as other investors. As of December 31, 2024, the directors, officers, and executive staff of Grace Financial, as a group, held personal Demand Investments aggregating \$403,551. These Demand Investments are funded totally by personal contributions, and they do not represent a form of compensation from Grace Financial. Furthermore, these Demand Investments are subject to the same interest rate and terms of all general Demand Investments of Grace Financial. No director or officer of Grace Financial has, during the past ten years, been convicted of any criminal proceeding (other than for traffic violations or other minor misdemeanors), is the subject of any pending criminal proceedings, or was the subject of any order, judgment or decree of any court enjoining such individual from any activities associated with the offer or sale of securities.

The Chairman also appoints directors to the Audit Review Committee, which reviews the annual certified audit of Grace Financial and any accompanying management letter. Other standing committees of the Board include Finance, Nominating/Board Development, and Executive Care. The Executive Staff and Business Manager of Grace Financial serve as the Loan Committee, which reviews loan applications prior to submission, if applicable, to the Board for approval.

## **MATERIAL AFFILIATED TRANSACTIONS**

Except as otherwise disclosed in this Prospectus, there have been no material transactions between Grace Financial and any director or officer of Grace Financial during the three-year period immediately preceding the date of this Prospectus. All transactions, including those with Affiliates of Grace Financial, in which any director or officer has a direct or indirect financial interest or control interest, or with respect to which a director or officer serves as a director, officer, member, or key employee, are made or entered into on terms that are no less favorable to Grace Financial than those that Grace Financial could obtain from an independent, unaffiliated third party or otherwise are appropriate under the circumstances to carry out the religious purposes of Grace Financial. A majority of the independent, disinterested members of Grace Financial's Board of Directors must approve such transactions. For this purpose, an Affiliate of Grace Financial is an entity that controls, is controlled by, or under common control with Grace Financial.

## **INDEPENDENT AUDITORS AND AUDITED FINANCIAL STATEMENTS**

The financial statements of Grace Brethren Investment Foundation, Inc., d/b/a Grace Financial, as of December 31, 2024, 2023 and 2022, and for the years then ended, included in this Prospectus, have been audited by Forvis Mazars, LLP, independent auditors, as stated in their report appearing herein.

## **Independent Auditor's Report**

Board of Directors  
Grace Brethren Investment Foundation, Inc. (d/b/a Grace Financial)  
Winona Lake, Indiana

### ***Opinion***

We have audited the financial statements of Grace Brethren Investment Foundation, Inc. (d/b/a Grace Financial) (Foundation), which comprise the statements of financial position as of December 31, 2024, 2023, and 2022 and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Grace Brethren Investment Foundation, Inc. (d/b/a Grace Financial) as of December 31, 2024, 2023, and 2022 and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Foundation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Note 1. Nature of Operations and Summary of Significant Accounting Policies**

***Nature of Operations***

Grace Brethren Investment Foundation, Inc. (Foundation) (d/b/a Grace Financial) is incorporated in the State of Indiana as a not-for-profit organization and has been approved by the Internal Revenue Service as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code (Code). The Foundation is classified as a publicly supported organization, which is not a private Foundation under Section 509(a)(1) of the Code. Contributions are tax-deductible within limitations prescribed by the Code.

The primary purpose of the Foundation is to loan to affiliates of the Fellowship of Grace Brethren Churches, Inc., d/b/a Charis Fellowship (Fellowship), including churches and affiliated organizations, for buildings, remodeling, and expansion. Financing for these projects is provided by offering demand investments to those affiliated organizations and their members. The rate of return paid on these accounts is dependent on the overall financial condition of the Foundation and the availability of funds. Due to the fact that all investing and financing opportunities are restricted to persons and organizations affiliated with the Fellowship as described above, all purchase and lending transactions are deemed, as such, to be with related parties.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue, expenses, gains, losses, and other changes in net assets during the reporting period. Actual results could differ from those estimates. Significant estimates in these financial statements include the allocation of expenses on a functional basis and reserves for credit losses.

***Cash and Cash Equivalents***

For financial statement purposes, the Foundation considers investments in money market funds, short-term investments, and certificates of deposit with original maturities of 90 days or less as cash equivalents. At December 31, 2024, cash and cash equivalents exceeded federally insured limits by approximately \$11,900,000.

A summary of cash and cash equivalents is as follows:

	<u>2024</u>	<u>2023</u>	<u>2022</u>
Cash in checking accounts	\$ 262,377	\$ 352,652	\$ 183,601
Money market funds	<u>11,676,451</u>	<u>20,315,102</u>	<u>26,192,964</u>
Total	<u>\$ 11,938,828</u>	<u>\$ 20,667,754</u>	<u>\$ 26,376,565</u>

***Investment Reserves and Investment Return***

Investment reserves consist of exchange-traded and closed-end funds, common stocks, fixed income mutual funds, certificates of deposit, notes receivable, corporate bonds, and certain nonmarketable securities. Investments having a readily determinable fair value are carried at fair value. Nonmarketable securities are valued at estimated fair value by the respective fund managers, in the absence of readily

---

determinable fair values. The certificates of deposit and notes receivable are valued at cost. Investment return includes interest and dividends, realized and unrealized gains and losses on investments carried at fair value, and realized gains and losses on other investments.

***Property and Equipment***

Property and equipment is stated at cost, less accumulated depreciation. Depreciation is computed by the straight-line method based upon the estimated useful life of the related asset, ranging from 5 to 30 years. The Foundation capitalizes expenditures for property and equipment in excess of \$5,000.

***Net Assets***

Net assets without donor restrictions are those currently available at the discretion of the Board of Directors for use in the Foundation's operations and those resources invested in property and equipment. The Board of Directors had designated, from net assets without donor restrictions, funds to be used in support of church planting and leadership development in the amounts of \$27,546 and \$35,470 for the years ended December 31, 2024 and 2023, respectively. There was no such designation in 2022.

***Contributions***

To the extent the Foundation accumulates revenue in excess of that needed to defray its administrative and interest expense or to make loans, in accordance with its status as a not-for-profit religious organization, it makes periodic contributions of a portion of this revenue to various Fellowship Church-planting ministries and other Fellowship affiliates. Contributions to these organizations were \$743,566 and \$368,399 for the years ended December 31, 2024 and 2023, respectively. There was no such contribution in 2022. The final amount of contributions in any fiscal year is determined at the sole discretion of the Board of Directors.

***Loans***

Loans that management has the intent and ability to hold for the foreseeable future or until maturity or payoff are reported at their outstanding principal balance adjusted for any charge-offs, the allowance for credit losses or any deferred fees or costs. Generally, loans are placed on nonaccrual status when management determines there is a probable likelihood of not collecting the principal and accrued interest.

***Allowance for Credit Losses – Loans***

The allowance for credit losses is established as losses are expected to occur through a provision for loan losses charged to income. Credit losses are charged against the allowance when management believes the uncollectability of a loan balance is confirmed. Subsequent recoveries, if any, are credited to the allowance.

The allowance for credit losses is evaluated on a regular basis by management.

Groups of loans with similar risk characteristics are collectively evaluated. Loans that do not share risk characteristics are evaluated on an individual basis. Loans with similar risk characteristics are grouped into homogenous segments, or pools, for analysis. The Foundation has identified one pool at December 31, 2024, pertaining to borrowers that are churches or organizations affiliated with the Fellowship.

In determining the proper level of the allowance for credit loss, the Foundation determined that the loss experience provides the best basis for the assessment of expected credit losses. The Foundation therefore used historical credit loss experience by segment over an economic cycle.

**Grace Brethren Investment Foundation, Inc. (d/b/a Grace Financial)**  
**Notes to Financial Statements**  
**December 31, 2024, 2023, and 2022**

---

The Foundation qualitatively adjusts model results for risk factors that are not considered within the modeling processes but are nonetheless relevant in assessing the expected credit losses within the loan pool. These qualitative factors and other qualitative adjustments may increase or decrease the Foundation's estimate of expected credit losses by a calculated percentage or amount based upon the estimated level of risk. The various risks that may be considered in making qualitative adjustments include, among other things, the impact of:

- Concentration of loans secured by a single real estate asset
- Impacts of geographical location of borrower
- Current borrower financial statement health
- Significant borrower events, such as a leadership transition or other reputational risks
- Foundation's relationship with the borrower
- Micro and macro economic factors
- Condition of church facilities

For those loans that are individually evaluated, an allowance is established when the discounted cash flows, collateral value, or observable market price of the impaired loan is lower than the carrying value of that loan.

A loan is considered impaired when, based on current information and events, it is probable that the Foundation will be unable to collect the scheduled payments of principal or interest when due according to the contractual terms of the loan agreement. Factors considered by management in determining impairment include payment status, collateral value, and the probability of collecting scheduled principal and interest payments when due. Loans that experience insignificant payment delays and payment shortfalls generally are not classified as impaired. Management determines the significance of payment delays and payment shortfalls on a case-by-case basis, taking into consideration all of the circumstances surrounding the loan and the borrower, including the length of the delay, the reasons for the delay, the borrower's prior payment record, and the amount of the shortfall in relation to the principal and interest owed. Impairment is measured on a loan-by-loan basis by either the present value of expected future cash flows discounted at the loan's effective interest rate, the loan's obtainable market price, or the fair value of the collateral if the loan is collateral dependent.

***Functional Allocation of Expenses***

The costs of supporting the Foundation's program and other activities have been summarized on a natural basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. Certain costs have been allocated among the program and support categories based on the time and effort, costs of services utilized and square-footage, and other methods.

***Alternative Investments***

The fair value of alternative investments has been estimated using the net asset value per share as a practical expedient. Alternative investments held at December 31 consist of the following:

	<b>2024</b>			
	<b>Fair Value</b>	<b>Unfunded Commitment</b>	<b>Redemption Frequency</b>	<b>Redemption Notice Period</b>
Real estate fund (A)	\$ -	\$ -	Monthly	Monthly
Pooled investment funds (B)	9,281,070	-	Quarterly	65 days

Private equity funds (C)	1,221,411	-	0-90 days	20-95 days

(A) This is an investment in a real estate fund which acquires and manages a portfolio of senior, floating rate loans backed by commercial real estate properties in the United States. This focus emphasizes the payment of current income and capital preservation. The fair value of this investment has been estimated using the net asset value of the Foundation's ownership interest in the fund.

(B) This category includes investments in nonexchange traded mutual funds that invest primarily in various private and public debt securities, mortgage and asset backed securities. The fair values of the investments in this category have been estimated using the net asset value of the Foundation's ownership interest in the fund. Certain of these investments assess a redemption fee for a redemption in excess of a percentage of any subscription for which the one-year lock up period has expired.

---

(C) This category includes investments in private equity and capital funds that invest in various hedge and other funds with the objective of seeing attractive, long-term, risk adjusted returns. The fair values of the investments in this category have been estimated using the net asset value of the Foundation's ownership interest in the fund. Certain fees are assessed if units are repurchased within the first year of ownership.

***Risks and Uncertainties***

The Foundation invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the accompanying statements of financial position.

**Note 3. Disclosures About Fair Value of Assets**

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

***Recurring Measurements***

The following table presents the fair value measurements of assets recognized in the accompanying statements of financial position measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2024, 2023, and 2022:

**Notes to Financial Statements**  
**December 31, 2024, 2023, and 2022**

(A) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts included above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of financial position.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of financial position, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2024. The Foundation has no liabilities measured at fair value on a recurring basis.

***Investment Reserves***

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. Level 1 securities include exchange-traded and closed-end funds, common stocks, mutual funds, and treasury notes. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified as Level 2 of the valuation hierarchy. Level 2 securities include corporate and municipal bonds. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. The Foundation has no investments classified as Level 3.

**Note 4. Loans Receivable**

The Foundation's loans receivable are as follows at December 31:

	<u>2024</u>	<u>2023</u>	<u>2022</u>
Mortgage loans receivable	\$ 63,424,698	\$ 59,022,172	\$ 54,419,268
Less allowance for credit losses	<u>(3,563,137)</u>	<u>(3,537,642)</u>	<u>(3,343,868)</u>
	<u>\$ 59,861,561</u>	<u>\$ 55,484,530</u>	<u>\$ 51,075,400</u>

As of December 31, 2024, 2023, and 2022, the Foundation maintained a reserve of 5.62%, 5.99% and 6.14%, respectively, of the total loan balance for uncollectible accounts. The Foundation has a policy of placing uncollectible accounts on nonaccrual status after 180 days. If facts and circumstances suggest a date other than 180 days, the Foundation may adjust the date. Payments received on nonaccrual status apply first to accrued interest and then to principal. Interest begins to accrue at the point that accrued interest is paid in full. Loans are placed on nonaccrual status or charged off if the collection of principal or interest is considered doubtful. As of December 31, 2024, 2023, and 2022, the Foundation had no loans that were placed on nonaccrual status.

Interest rates vary as set by the Board of Directors and historically have ranged from 4.00% to 7.75%. As of December 31, 2024, interest rates ranged from 4.25% to 7.75%. All mortgage loans are real estate mortgages and are secured by church property. Maturity of these loans are variable as determined at the loan origination (or as later modified by Board of Directors or CEO approval) and range from a few months to a maximum of 31 years.

**Grace Brethren Investment Foundation, Inc. (d/b/a Grace Financial)**  
**Notes to Financial Statements**  
**December 31, 2024, 2023, and 2022**

Aggregate annual maturities of loans receivable as of December 31, 2024, are:

	<b>Loans Receivable</b>
2025	\$ 3,108,027
2026	3,036,937
2027	3,108,751
2028	3,040,668
2029	2,919,795
Thereafter	48,210,520
	<u>\$ 63,424,698</u>

**Concentrations**

Although the Foundation has no geographic restrictions within the United States on where loans are made, the aggregate loans in excess of 5.0% of total balances are located in the following states as of December 31, 2024:

<b>State</b>	<b>Number of Loans</b>	<b>Principal Outstanding</b>	<b>Percent of Loan Portfolio</b>
Ohio	31	\$ 48,674,285	77%
Pennsylvania	3	4,589,464	7%
California	6	4,404,911	7%
	<u>40</u>	<u>\$ 57,668,660</u>	<u>91%</u>

The Foundation had five borrowers each having loans with a total outstanding principal balance greater than 5% of the Foundation's total loan balance of \$63,424,698 as of December 31, 2024, with an aggregate principal balance of \$37,623,305 or 59% of the Foundation's total loans outstanding on that date.

In order to minimize the risk of loss on loans extended, the majority of loans written are secured, primarily by a first position mortgage. As a note, the Foundation will only issue a second or third position mortgage if the Foundation is the secured party for any higher position mortgages. Other credit considerations are represented by the terms of the loan, loan to value ratios and other credit factors. As of December 31, 2024, the Foundation had security at the following levels on loans extended:

	<b>Aggregate Balance</b>	<b>Percent of Loan Portfolio</b>
First position	\$ 50,359,837	79%
Second position	13,064,861	21%

The allowance for credit losses and financing receivables were collectively evaluated for impairment with the exception of certain credits in the amount of \$4,266,864, \$4,352,511, and \$4,434,600 at December 31, 2024, 2023, and 2022, respectively, which had a corresponding allowance of \$1,258,177, \$2,152,511, and \$2,234,600, respectively, which were individually evaluated.

The following information presents credit exposure by performance status for the years ended December 31, 2024, 2023, and 2022. Status for performing and nonperforming loans is based on payment activity. Payment activity is reviewed by management on a monthly basis to determine how loans are performing. Loans are considered to be nonperforming when payment is past due greater than 180 days or the underlying assets of the loan are held for sale.

For each class of loans receivable, the following presents the balance by credit quality indicator:

***Credit Quality Indicator Categories***

Loan grades are assigned as either performing or non-performing. The use and application of these grades by the Foundation will be uniform and shall conform to the Foundation's policy.

**Performing** Loans rated performing have continued expectation of timely repayment, all obligations of the borrower are current, and the borrower complies with material terms and conditions of the loan agreement.

**Non-performing** Loans that have potential weakness that deserve management's attention and if left uncorrected may, at some future date, result in the weakening of the repayment prospects for the loan or note. These potential weaknesses may be due to circumstances being experienced by the borrower. These loans or notes are not adversely classified and do not expose the Foundation to sufficient risk to warrant adverse classification. Ordinarily, non-performing loans or notes have characteristics which corrective management action would remedy:

	<u>2024</u>	<u>2023</u>	<u>2022</u>
Performing	\$ 63,424,698	\$ 59,022,172	\$ 54,419,268

	<u>\$ 63,424,698</u>	<u>\$ 59,022,172</u>	<u>\$ 54,419,268</u>

Prior to adoption of ASC 326, a loan was considered impaired, in accordance with the impairment accounting guidance (ASC 310-10-35-16), when based on current information and events, it was probable the Foundation would be unable to collect all amounts due from the borrower in accordance with the contractual terms of the loan. Impaired loans include nonperforming loans but also include performing loans modified in troubled debt restructurings where concessions have been granted to borrowers experiencing financial difficulties. These concessions could include a reduction in the interest rate on the loan, payment extensions, forgiveness of principal, forbearance, or other actions intended to maximize collection. All loans are evaluated for impairment on an individual basis.

There were no troubled debt restructurings during the years ended December 31, 2024, 2023, and 2022.

**Note 5. Property and Equipment**

Property and equipment at December 31, consist of:

**Note 6. Demand Investments**

Funds invested in demand investments are subject to redemption upon demand, although the Foundation reserves the right to require 60 days advance written notice. Interest is compounded monthly. At December 31, 2024 and 2023, interest was paid at an annual rate of 3.75% for accounts with balances greater than \$100,000, and 3.50% for those accounts with balances less than \$100,000. At December 31, 2022, interest was paid at an annual rate of 2.25% for accounts with balances greater than \$100,000, and 2.00% for those accounts with balances less than \$100,000. The amounts in special accounts, those

accounts bearing interest at the standard rate plus 150 basis points as of December 31, 2024, 2023, and 2022, totaled \$201,908, \$321,601, and \$383,471, respectively. Additionally, the Foundation holds certain balances for a related party bearing interest at 4.25% totaling approximately \$10.1 million and \$7.6 million at December 31, 2024 and 2023, respectively. There were no such balances at December 31, 2022.

The fair value of these demand investments approximates the amount payable on demand as of the statements of financial position date.

The directors, officers and executive staff of the Foundation may be investors on the same terms and conditions as other investors. As of the years ended December 31, 2024, 2023, and 2022, as a group, they held demand investments aggregating \$403,551, \$522,688, and \$681,084, respectively.

The Foundation had 322, 327, and 332 demand investment balances with aggregate balances of \$100,000 or more as of December 31, 2024, 2023, and 2022, respectively. The balances over \$100,000 are distributed as follows:

The Foundation regularly monitors liquidity required to meet its operating needs and other contractual commitments, while also striving to maximize the investment of its available funds.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Foundation considers all expenditures related to its ongoing mission-related activities, as well as the conduct of service undertaken to support those activities, to be general expenditures.

**Note 8. Employee Benefits**

The Foundation has a defined contribution plan qualifying under Section 403(b) of the Code, which was established as of January 1, 1991. All current employees are eligible for participation in the plan. The Foundation contributes 8% of eligible employees' compensation to this plan. Included in expenses were \$41,762, \$40,085, and \$39,147, for the years ended December 31, 2024, 2023, and 2022, respectively.

The Foundation offers employees a health savings account plan and other benefits such as dental, disability, and life. The health savings account premiums are partially employer funded. The employer does not incur any liability for claims made by employees. The costs incurred for the plan and other benefits were \$99,028, \$86,616, and \$96,938, for the years ended December 31, 2024, 2023, and 2022, respectively.

**Note 9. Financial Instruments With Off-Balance Sheet Credit Risk**

Accounting principles generally accepted in the United States of America require all entities to disclose certain information about their financial instruments. Specifically, all entities are required to disclose the risk of an accounting loss from a financial instrument. The possibility that a loss may occur from the failure of another party to perform according to the terms of a contract represent credit risk.

The Foundation is a party to financial instruments with off-balance sheet risk in the normal course of business to meet the financing needs of its customers and to reduce its own exposure to fluctuations in interest rates. These financial instruments are commitments to extend credit and involve, to varying degrees, elements of credit and interest rate risk in excess of the amount recognized in the statements of financial position. The contract amounts of those instruments reflect the extent of involvement the Foundation has in those particular classes of financial instruments.

**Notes to Financial Statements**  
**December 31, 2024, 2023, and 2022**

---

The Foundation's exposure to credit loss in the event of nonperformance by the other party to the financial instrument for commitments to extend credit is represented by the contractual notional amount of those instruments. The Foundation uses the same credit policies in making commitments and conditional obligations as it does for on-balance sheet instruments.

At December 31, 2024, the Foundation has committed to the following undisbursed loans and lines of credit:

	<b>Aggregate Balance</b>
Undisbursed loans	\$ 1,412,702
Undisbursed lines of credit	450,000
	<b><u>\$ 1,862,702</u></b>

Commitments to extend credit are agreements to lend to a customer as long as there is no violation of any condition established by the contract. Commitments are fixed to the maximum dollar amount that is available to a particular customer. The making of the commitment itself may require the payment of a fee. Not all commitments have the full amount of the approved funds advanced upon execution of the loan, and some do not fully utilize the entire commitment established. Consequently, the total commitment amounts do not necessarily represent future cash requirements.

**Note 10. Significant Group Concentrations of Credit Risk**

As disclosed in Note 10, the Foundation makes loans only to not-for-profit organizations that would qualify under Section 501(c)(3) of the Code as tax-exempt organizations. These consist of churches, schools, and other organizations associated with the Fellowship. As of December 31, 2024, 2023, and 2022, the Foundation's loan receivables from those organizations are disclosed in Note 4.

**Note 11. Subsequent Events**

Subsequent events have been evaluated through February 13, 2025, which is the date the financial statements were available to be issued.
